## 4K Video Viewing Experience

**DIGIRAIN** Camera delivers up to 4K resolution (3840\*2160, effectively four times that of Full HD), providing users with ultra-high-definition video viewing experience.

**DIGIRAIN** AI Camera can intelligently filter objects to focus on human and vehicle detection, which greatly enhances the monitoring efficiency and benefits the large population related industries such as public security, access con-

## Smart Motion Detection

The Smart Motion Detection function enables the user to monitor specified area clearly in a timely manner. When there is motion detected in a target area, **DIGIRAIN** Camera will give an alerts by email /APP Push for the objects automatically.

## Pan & Tilt Setting

With a sophisticated pan/tilt mechanism, **DIGIRAIN** PTZ Camera provides fast, precise movement with endless 360° pan and 105° tilt. The Control Speed is 0.01°~45° /S.

## 20X Optical Zoom

**DIGIRAIN** 20X PTZ Camera is designed to extend user's reach to the max with the fast 4.7~94mm@F1.5 ~F4.0 lens. The 20X optical zoom allows the user to zoom up to distant subjects while still maintaining the clarity, delivering high quality video over the entire zoom range.

**20X Zoom**  
4.7~94mm lens

## Preset Auto Scanning

The user can set up to 16 preset positions for patrolling. There are up to 4 patrol routes and maximum 2 patterns of the manual operation paths (for Pan, Tilt, Zoom and Focus) which can be set as required. It allows the PTZ camera automatically tour by the setting and even adjust zoom status flexibly.

## Clear Two-Way Audio

Built-in microphone & speaker allow you to listen and talk to whoever the camera catches in real time clearly, DIGIRAIN man advanced echo canceller technology is able to transmit HQ sounds without noise

## Revolutionary IR Performance

The IR LEDs technology has been upgraded to provide videos with a viewing range of 120m~150m. 7pcs IR Array can display a sharp B&W image at night, 2pcs Warmlights can display a colorful night vision image based on AI function.

## Starlight Ultra Low-light

DIGIRAIN adopts HD CMOS Starvis Sensor, which is able to deliver high detailed color images even in the low light environments reaching 0.01Lux (Color) or 0Lux (B/W), and near infrared light environments without any supplementary lighting.

## IP66 Waterproof

Supporting IP66-rated weather-proof and lightning protection, which are the leading level of the industry, the **DIGIRAIN** Network Camera is well protected against rainy and foggy weather to ensure the performance.

## Unique Structure Design

Aluminum alloy housing has a good effects on anti-surging and anti-corrosion, which is suitable for all kinds of extreme climatic conditions . Also, Cable with shielding layer and twined lines effectively shields interference and transmit stable signals.
